## Waste Transport & Storage

Choice of versatile three way entry or standard one way entry skips

Three way

A

### A Mobile tipping skips

- Safe, light action release by spring loaded lever.
- Automatically locks by tilting the mast.
- Robust, fully welded construction of 3 and 5mm plate steel.
- Fork pocket size 75 x 180mm.
- Iron castors supplied as standard on the three way entry skips.

#### Three way entry skips

Design No.	Capacity m <sup>3</sup>	Overall H x W x L mm	Weight kg	Price £ each
309995DV1	0.25	900 x 820 x 1390	155	829.99
309996DV1	0.5	1040 x 1030 x 1740	250	1099.99

#### One way entry skips

Design No.	Capacity m <sup>3</sup>	Overall H x W x L mm	Weight kg	Price £ each

309994DV1	1.5	1180 x 1490 x 2390	500	1419.99

One way

A

### Information

i

NB The total weight of the skip should not exceed 50% of the fork truck rating, due to the loads centre of gravity changing as it tips.

Waste & Recycling

B Emptying position

### B Mobile dump skip

- Made from steel sheet with reinforced edging.
- Oil and water tight welded construction. • 600 litre has 250mm diameter rubber tyred wheels and one swivel castor.
