

Handling & Lifting Powered Trucks, Trolleys & Tugs

A Movexx 3 wheeled powered tugs

- Increases productivity, reduces back injuries and improves safety.
- Effective and easy to use. • Added safety features include waistline 'anti-trap' brake and horn. • Key operated for additional security.
- Removable high performance 24V 20Ah lithium LifePo4 battery pack included. • More charge cycles, longer lifespan, and safer than standard Li-Ion batteries (no thermal run-away). • Speed 4 km/h - selectable slow/fast drive mode.
- Adjustable handle height 950/1065/1145mm.
- On two Ø250mm solid rubber tyred powered steering wheels, and a Ø125mm swivel support wheel. • Supplied with a quick release socket for a tow bracket (not included) - please call to discuss your requirements. • N.B. It is recommended that this item is stored indoors in a dry secure area to optimise its lifetime use.
- For UK sale only.
