

Safety & Security

Fire Safety Equipment

A Pyroflow passive lithium battery fire suppression granules

- Mineral-based suppression agent, non-toxic and eco-friendly.
- Smother, suppress and encapsulate Lithium-ion batteries in the event of thermal runaway.
- Binds liquids and filters gases.
- Diameter: 1 - 4mm.
- Supplied in 12kg bag.
- Ideal for use as a thermally stable media for storing or transporting Lithium-ion batteries.

Code	Price £ each
433185DZ1	124.00

B Pyroflow active lithium battery fire suppression granules

- Mineral-based suppression agent, non-toxic and eco-friendly.
- Effectively smother and suppress fires including those involving Lithium-ion batteries.
- Binds liquids and filters gases.
- Diameter: 0.25 - 0.50mm.
- Supplied in 17kg bag.
- Place onto Lithium-ion battery fire to suppress.

Code	Price £ each
433186DZ1	158.00

C Lithium battery fire suppression bag

- Fire resistant bag designed using fabric that can withstand temperatures more than 1000°C.
- Suitable for the safe suppression and removal of extinguished items.
- H x W x D: 430 x 405 x 405mm.
- Weight: 1.5kg.

Code	Price £ each
436584DZ1	706.00

D Light lithium battery fire blanket

- 3 x 3m fire blanket designed to withstand temperatures up to 100°C.
- Efficiently isolates lithium battery fires, suitable for laptops, mobile phones, and other small Li-ion battery devices.
- Helps to reduce the spread of toxic fumes and chemicals.
- H x W x L: 340 x 70 x 400mm.
- Blanket weight: 5.12kg.
- 5-year warranty.

Code	Price £ each
436585DZ1	305.00

E Heavy duty lithium battery EV fire blankets

- Fire blankets designed to withstand temperatures up to 1300°C.
- Efficiently isolates lithium battery fires, suitable for laptops, mobile phones, and other small Li-ion battery devices.
- Tested and certified to DIN 91489.
- Helps to reduce the spread of toxic fumes and chemicals.
- 5-year warranty.

Code	Size mm	Price £ each
436588DZ1	155 x 155	141.00
436589DZ1	300 x 300	519.00

F Light EV fire blankets

- Flame retardant, designed to suffocate fires and prevent the spread of flames/toxic gases.
- High performance fibreglass and polymer construction.
- Can withstand temp. up to 1000°C.
- Has 6 grips for correct placement, intervention of 2 people recommended.
- Bag H x dia.: 1100 x 395mm.
- Suitable for use on any cars including electric vehicles, SUVs and manual handling equipment.

Code	Size mm	Price £ each
436586DZ1	500 x 500	849.00
436587DZ1	600 x 800	1509.00

G Heavy duty EV fire blankets

- Fire blankets designed to withstand temperatures up to 1300°C.
- Lightweight and easy to use.
- Durable storage bag has a carry handle and backpack straps for easy transportation.
- Tested and certified to DIN 91489.
- High performance fibreglass and polymer construction.
- Helps to reduce the spread of toxic fumes and chemicals.
- Suitable for use on any cars including electric vehicles, SUVs and manual handling equipment.
- 5-year warranty.

Code	Size mm	Price £ each
436590DZ1	500 x 500	1299.00
436591DZ1	600 x 800	2425.00

H Fire safety equipment mobile storage cabinet

- Excellent solution to store large fire extinguishers, fire blankets and other essential fire safety equipment.
- Designed with robust rubber wheels and handle for easy mobility.
- Made from strong and durable fully recyclable PE.
- Double toggle lock for quick access and retrieval of equipment.
- Internal dimensions: H x W x D: 915 x 360 x 195mm.
- External dimensions: H x W x D: 1000 x 540 x 345mm.

Code	Price £ each
436582DZ1	378.00
