

**Solid non-marking tyres**

**Lanyard anchor points**

**Emergency stops at platform and ground level**

**ⓐ Powered work platform with scissor lift**

- For indoor or outdoor use with firm, level surfaces. • Compact dimensions for space efficient storage. • High angle steering provides excellent manoeuvrability.
- Variable speed motor extends battery life by using only the energy needed to do the work. • Ergonomic joystick control operates from the platform or the ground.
- Extending platform increases usable working space. • Power to platform - allows operator to use electrically powered work tools on the platform.
- Power source - 24V (four 6V Ah batteries) with automatic charger, 110 or 240V - please state requirement at time of order. • Extended platform capacity 113kg.
