Universal tipping skip with optional nylon castor set

A Universal forklift tipping skips

- Simple automatic / manual tipping operation.
- When pushed against a larger skip, a front mounted pressure plate depresses, which tips the load.
- When released, the skip returns to its original locked position.
- Fully welded heavy duty 2.5mm sheet steel, with a powder coated finish.
- Alternative manually operated lever at the rear.
- Finish painted blue RAL5005.
- Optional nylon castor set.

Code	Volume litres	L x W x H mm	Weight kg	Price £ each
382517DX8	300	1390 x 800 x 765	70	822.00
382518DX8	600	1495 x 860 x 865	100	949.00
