

### A Stainless steel bollard

- Ideal where quality and style are important. • Brushed steel finish.
- Grade 304 stainless steel.
- Thickness - 2mm.
- Height above surface - 900mm.
- Sub surface fixing below ground is 300mm.

| Dia. mm | Concrete in Code | Price £ each | Bolt down Code | Price £ each |
|---------|------------------|--------------|----------------|--------------|
| 60      | 403060DZ1        | 92.55        | 403061DZ1      | 129.00       |
| 76      | 403062DZ1        | 103.00       | 403063DZ1      | 139.00       |
| 90      | 403064DZ1        | 118.00       | 403065DZ1      | 151.00       |
| 101     | 403066DZ1        | 132.00       | 403067DZ1      | 165.00       |
| 114     | 403068DZ1        | 158.00       | 403069DZ1      | 186.00       |
| 168     | 403070DZ1        | 268.00       | 403071DZ1      | 311.00       |

### B Classic steel bollard

- Ideal for play and parking areas and as a deterrent to ram raiders.
- Main construction of mild steel tube.
- Overall height 1200mm.
- Height above ground 300mm. • Fixes into concrete to 300mm - 500mm deep by 300mm square, depending on ground conditions.
- Colour: black.

| Code      | Price £ each |
|-----------|--------------|
| 383048DZ1 | 186.00       |

### C Classic steel ball top bollard

- A classically designed ornamental steel bollards.
- Ideal for use around pedestrian precincts.
- Made of galvanised mild steel tube.
- Height above ground 1000mm. • Fixes into concrete to 400mm for 383046DZ1 and to 300mm for 349800DZ1.
- Colour: black.

349800DZ1 383046DZ1

| Code      | Description | Height mm | Diameter mm | Price £ each |
|-----------|-------------|-----------|-------------|--------------|
| 383046DZ1 | Ball top    | 1400      | 76          | 124.00       |
| 349800DZ1 | Classic top | 1300      | 114         | 232.00       |

### D Steel protection bollards

- 3mm gauge steel bollard protects machines, shelving, buildings and ramps from hard impacts.
- Height: 1000mm.
- Choice of 2 sizes.
- Mounted on base plates (root-fixed options available on request).

90mm 114mm

| Code      | Dia. mm | Price £ each |
|-----------|---------|--------------|
| 389219DZ1 | 90      | 85.30        |
| 389221DZ1 | 114     | 115.00       |

### E Recycled rubber bollard

- 100% recycled rubber bollard with steel core for added stability.
- Reflective strips for improved visibility. • For fixing into concrete (300mm sub fixing).
- W x D - 150 x 150mm.
- Colour - black. • Choice of pyramid or 45° sloping mitre top.

| Overall height mm | Height above ground mm | Pyramid top Code | Mitre top Code | Price £ each |
|-------------------|------------------------|------------------|----------------|--------------|
| 1000              | 700                    | 392487DZ1        | 392488DZ1      | 120.00       |
| 1300              | 1000                   | 392489DZ1        | 392490DZ1      | 151.00       |

### F Rebound fluorescent post with sign

- Returns to original position following a collision. • Crash tested to AASH/ NTPPT standards.
- High performance prismatic reflective films for excellent night-time performance - fluorescent yellow colour for daytime visibility.
- Quick and easy installation - simple 4-bolt fixing.

| Code      | Description                         | Price £ each |
|-----------|-------------------------------------|--------------|
| 358940DZ1 | Single sided keep left sign & post  | 195.00       |
| 358941DZ1 | Single sided keep right sign & post | 195.00       |
