

F Foam impact protectors

- Protects walls, internal kerbs, trolley parks, vehicles, plant and machinery, and is also ideal for racking and shelving.
- Easy to apply. • Highly visible, high-grade flexible UV and age resistant polyurethane foam.
- Temperature resistant from -40°C to 90°C. • Supplied in 1000mm length sections, cut to size with a sharp knife.
- Bespoke sizes and other colours available. • Self-adhesive fixing for the surface and edge protection profiles, the push fit ones simply push onto the areas to be protected (magnetic fixing available on request).

Surface protection
