Bends and curves

### I Flood barrier

- Inflates in minutes on contact with water and forms a leak-proof, water tight barrier against most surfaces.
- Can be stacked to create increased height barriers or curved around obstacles.
- Manufactured in the UK from 50% reclaimed materials.
- Easy to store.
- H x D - 100 x 210mm.

Design No.	Length	Absorbant capacity	Price £ each
415365DV1	1.5m	15 litre	9.99
415366DV1	3.0m	30 litre	17.99

### J Portable expanding sandbags

- Innovative alternative to traditional sandbags.
- Protects home and business from flash floods, storms and accidental water damage.
- Changes from being as light as a pillowcase (200g/7oz) to as heavy and secure as a sandbag (20kg/44lbs) within a few minutes.
- Can be deployed in minutes and moulded into a doorway, cover airbricks or used to build walls.
- Lightweight nature means they are suitable for use by anyone.
- Vacuum packed and easy to store onsite for quick access.
- 96% bio-degradable by weight.
- Bag - W x L x H - 480 x 560 x 30mm.

Design No.	Qty	Price £ per pack
389211DV1	5 bags	39.99
