

E PVC strip curtain door kits

- Ideal for internal, pedestrian and light traffic applications.
- Ready-made door kits to suit standard size doorways.
- The plastic bullet rail with 'snap/snap off' technology promote ease of fitting, cleanliness and ensures pedestrian safety with no steel parts or sharp edges.
- Strip width x thickness - 200 x 2mm.
- 35-50% energy savings through temperature regulation.
- Door kit includes mounting rails and ready punch PVC strips (lock-in washers for additional safety on light duty only).
- Suits opening widths between 900mm - 2700mm.
- Suits opening heights between 2150mm - 3100mm

Light duty door kits

- Softer multi-ribbed PVC to suit small pedestrian openings.
- Ideal for schools and nurseries.

Code	To suit openings W x H mm	Price £ per kit
393508DZ1	900 x 2220	122.00
393509DZ1	1200 x 2200	165.00
393510DZ1	1500 x 2200	172.00
393511DZ1	1800 x 2200	217.00

Heavy duty door kits

- Ideal for internal pedestrian traffic.

Code	To suit openings W x H mm	Price £ per kit
393501DZ1	900 x 2150	122.00
393502DZ1	1200 x 2150	165.00
393503DZ1	1500 x 2400	172.00
393504DZ1	1800 x 2600	204.00
393505DZ1	2100 x 2600	234.00
393506DZ1	2400 x 2600	267.00
393507DZ1	2700 x 3100	319.00

Mounting rail

F PVC made to measure strip curtain doors

- Track is included in the price - fit pre-drilled track to the doorway and hook on PVC strips on the track.

Internal PVC strip curtain doors

- Calculate the no. of m² required by multiplying the doorway/opening height by the width (this will give an approximate 50% strip overlap).

Code	Strip W x Thick mm	Type	Price £ per m ²
393496DZ1	200 x 2	Standard - Pedestrian	44.09
393497DZ1	300 x 3	Standard - Light traffic	53.09
393499DZ1	200 x 2	Cold store/Low temperature	49.55
393500DZ1	300 x 3	Cold store/Low temperature	59.55

External PVC strip curtain doors

- Calculate the no. of m² required by multiplying the doorway/opening height by the width (this will give an approximate 100% strip overlap).
- 400 x 4mm for wide doors and 300 x 3mm for smaller doorways.

Code	Strip W x Thick mm	Type	Price £ per m ²
393498DZ1	400 x 4	Heavy duty traffic	72.89

Ribbed PVC strip curtain doors

- Enhanced seal maximises energy savings with less friction drag than standard PVC strip curtains.
- Calculate the no. of m² required by multiplying the doorway/opening height by the width (this will give an approximate 50% strip overlap).

Code	Strip W x Thick mm	Type	Price £ per m ²
403765DZ1	200 x 2	Standard - Pedestrian	48.15
403766DZ1	300 x 3	Standard - Light traffic	58.60
403767DZ1	400 x 4	Standard - Light traffic	70.89
