

# PPE & Workwear Footwear

## Your Guide...

### ...to choosing the correct footwear.

The basic safety standard for footwear. The safety boots and shoes offered in the range have toe protection against a 200-joule impact. They may also have additional safety features which will be shown via other symbols. For example, if you see SB-P this means that the safety footwear also has the additional feature of Penetration Resistance of the Midsole.

**S1**

On top of the basic toe protection, S1 ensures the footwear has antistatic protection, is resistant to fuel oil and has energy absorption in the heel. Again other symbols can be added, such as S1-P as above.

**S2**

S2 has all the same protection as S1, plus the added protection of preventing water penetration and absorption of the upper.

**S3**

S3 safety footwear encompasses all the same levels of protection as S2, plus midsole penetration resistance.

**S5**

Upper from all rubber or polymeric material with Penetration resistant and cleated sole.

**ESD**

Electro Static Discharge

**S1P**

Antistatic, oil-resistant & energy absorption & midsole penetration protection.

**WRU**

Water penetration resistant upper.

**METAL FREE**

Components are made of composite, non metallic materials.

**WP**

Waterproof upper with membrane.

**HRO**

Outsole resistance to hot contact.

**STEEL**

Outsole resistance to hot contact.

### Standards for non-slip shoes

In many workplaces, anti-slip shoes are vital. There are separate standards that non-slip work boots and shoes must meet.

**SRA**

Tested on ceramic tile wetted with a soapy solution.

**SRB**

Tested on steel with glycerol.

**SRC**

Tested under SRA and SRB conditions.

### A Black safety boots S1 SRC

- Jumper2 pigmented split leather with padded ankle area for comfort.
- Steel toe cap.
- Antistatic.
- Dual density PU outsole for grip.
- SRC anti slip sole.
- Sizes 3 - 13 available online.

### B Black safety boots S1P SRC

- Jumper2 pigmented split leather with padded ankle area for comfort.
- Steel toe cap and midsole.
- Antistatic.
- Dual density PU outsole for grip.
- SRC anti slip sole.
- Sizes 3 - 13 available online.
