With optional handrail

Step only

With optional handrail

G Entrance half step

- The ideal solution where a ramp is not practical or required but the current step is too high to manage.
- Suitable for use with a Rollator (399938DV1) or walking frames (399937DV1).
- Anti-slip surface.
- Step capacity - 250kg.
- Optional handrail fits either side and can be fixed permanently if required.

Design No.	Description	Min/Max height mm	L x W mm	Price £ each
399937DV1	Large step	75-125	600 x 750	199.00
399938DV1	Extra large step	75-125	750 x 900	239.00
399939DV1	600mm handrail			115.00
399940DV1	750mm handrail			119.00
399941DV1	900mm handrail			125.00

B Grab rails with suction cups

- Portable, quickly and easily installed on smooth surfaces without tools or holes to drill.
- The grab rails are designed to provide support, but are not designed to hold an individual's entire body weight.
- Telescopic/extendable and available in 3 ranges of length.

Design No.	Size	Minimum length (mm)	Maximum length (mm)	Price £ each
385979DV1	Small	440	560	39.99
385980DV1	Medium	550	680	44.99
385981DV1	Large	650	780	49.99

F Disabled badge holders only post mounted sign

- Sign has post mounting channels on the back as it is a sign for mounting to a post only.

Design No.	Material	Width (mm)	Height (mm)	Class	Price £ each
