

Premises Window Film / PVC Strip Door Curtains

A Solar control window film

- Reduces solar heat, UV and screen glare (deflecting 78% of the sun's heat and glare, reducing glare by 82% and rejects 99% of UV).
- Helps make a saving on air conditioning bills. • Colour - silver.
- Reflective properties increase privacy, reducing visibility from outside.
- Hard-wearing scratch-resistant surface.
- Easy to apply to existing glass.

Code	Width mm	Price £ each
420817DX8	915	32.99
420818DX8	1220	34.99
420819DX8	1524	39.99

B Lightweight reinforced PVC strip curtains

- Help make energy savings and maintain a constant temperature.
- Easy to install - staple gun to a wooden frame (supplied with fitting instructions) to save on expensive metal fittings.
- Nylon reinforced PVC strips are lightweight, tough, clear and flame retardant to BS5438.
- Roll W x thickness: 305 x 0.5mm (approx. area coverage of 7.5m²), simply cut roll to required lengths.
- Roll length: 50m.
- 323496DX8 prevents condensation, air/moisture loss and ice build up.
