

F Photoluminescent glow in the dark fire exit signs

- 1.2mm rigid plastic. • Emergency exit signs are provided to guide you from wherever you are in a building, via a place of relative safety (the escape route) to the place of ultimate safety (the assembly area).
- Exceeds PSPA (The Photoluminescent Safety Products Association) Class C ratings, making it one of the best in the UK market and ensures our signs stay brighter for longer to give the maximum chance for a successful evacuation.
