

E Fork mounted magnetic sweeper

- Uses industrial strength, permanent magnets.
- Removes hazardous ferrous objects from roads, parking areas, loading docks, warehouses, etc.
- Reduces the risk of personal injury or damage to tyres and property from nails, screws and iron particles.
- Simply hangs from a forklift.
- Two eyebolts are included, for simple attachment to forks. • Pull the central bar to release the debris, and wipe excess metal from the magnet face with a glove or heavy shop towel.
- Corrosion resistant.
