

Matting & Flooring Gym Floor Matting

A Interlocking floor tiles

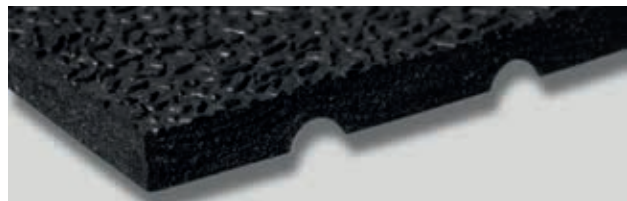

- Industrial interlocking x-joint floor tiles are perfect for foot traffic and light goods movements.
- Ideal for industrial or commercial environments including factories, receptions, assembly lines, retail stores and storerooms, home garages, gyms and offices.
- Designed to be installed directly over existing hard floor surfaces they are ideal for damp, dusty or contaminated floors. • Protects subfloors from wear and damage.
- Install without disruption or downtime. • Tiles tightly lock together without the need for adhesives (unless exposed to a heat source like direct sunlight).
- The smooth PVC surface is anti-slip and resistant to fire, chemicals and impacts. • Movable and reusable. • Tiles supplied in packs of 4.
- Ramps supplied individually.
