

Handling & Lifting Conveyors

A Mobile flexible conveyors

- Simply wheel to any area for use, extend to required length and lock castors for stability.
- May be used as stand-alone or with other conveyor systems. • All metal parts zinc plated steel. • Roller pitch 125mm (extended). • Support stands fitted with 100mm dia. swivel braked castors, and height adjustable 650 - 1100mm.

Information

Things to watch out for when ordering: Base of product must have contact with 3 rollers. When using a skate wheel the base must be smooth and flat. When using rollers, the base can be recessed or have runners.

Standard roller
