

Your Guide...

...to choosing the right Shredder

Where will it be located?

What benefits would assist your needs?
Castors, size, noise level etc.

Do you require manual feed or autofeed?

Autofeed allows user to perform other tasks while the machine shreds the pile of paper.

What bin size is required?

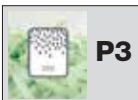

The larger the bin capacity, the less frequently the bin requires emptying.

What level of security is required?

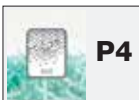

A higher P rating increases the security level and bin capacity due to smaller shred size.
