

E Air operated load levelling pallet turntable

- Auto-levelling - keeps loads at an optimum working height, to prevent bending and improve productivity.
- Rotating deck - avoids reaching and stretching.
- Compressed air operation gives more controlled (dampened) movement to the platform.
- Infinitely adjustable for varied loads by adding/bleeding air.
- Transportable by fork lift truck.
- Base L x W: 1245 x 617mm.
- UKCA & CE marked.

F Self-levelling pallet turntable

- Power-free spring actuated leveller - maintains a comfortable working height.
- Helps to reduce injury associated with loading pallets.
- Suitable for loads between 200-2000kg, with no tools required for adjustments.
- Includes integral turntable to allow easy rotation of pallet loads.
- No need for hydraulics due to the use of coil springs.
- Maximum platform height - 710mm.
- Compressed height - 270mm.

NEW
