E Webbing slings

- 100% polyester construction.
- High strength/weight ratio.
- Reinforced eyes.
- Temp. range -40°C to +180°C.
- 7:1 safety factor.
- Colour coded to indicate capacity.
- Individually labelled with unique serial number, length, date of manufacture and safety information.
- CE marked.
- Steel end fittings are available for basket and choker hitch lifts.

Duplex strops

- The Duplex strop is the most cost effective sling with double ply webbing, offering the most economic width to strength ratio.

Sling colour code	SWL T (straight lift)	Webbing width mm	2 metre length Code	Price € each	+ or - extra metre Code	Price € metre
Violet	1	50	314641RN6	32.34	314642RN6	12.20
Green	2	60	314643RN6	47.59	314644RN6	19.99
Yellow	3	90	314645RN6	64.74	314646RN6	23.64
Grey	4	120	314647RN6	96.09	314648RN6	28.84
Red	5	150	314649RN6	105.00	314650RN6	37.24
Blue	8	240	314651RN6	246.00	314652RN6	84.49

Simplex strops

- The Simplex strop with single ply webbing is twice the width of the equivalent capacity Duplex sling (except 1 tonne), offering extra grip and support for larger lifting operations such as pipes, concrete segments and steel structures.

Sling colour code	SWL T (straight lift)	Webbing width mm	2 metre length Code	Price € each	+ or - extra metre Code	Price € metre
Violet	1	50	328796RN6	67.19	328797RN6	12.14
Green	2	120	328798RN6	77.24	328799RN6	18.30
Yellow	3	180	328800RN6	119.99	328801RN6	27.24
