

Handling & Lifting Lift Tables, Stackers & Work Positioners

A Crank operated precision mobile lift table

- Crank operated worm-screw mechanism, for precision height adjustment. • Maintains a constant height - unlike some hydraulic lifts, does not lower with use. • Capacity 500kg.
- Strong and robust steel platform.
- Platform L x W: 1000 x 650mm.
- On 125mm dia. polyurethane tyred wheels (2 with brakes).

500 KG

Code	Lift height mm	Weight kg	Price € each
410151RN6	550 - 1000	70	649.00

B Medium duty mobile lift table

- Durable galvanised chassis and platform, facilitates cleaning.
- Larger wheels and shorter wheel base - easier to manoeuvre and roll over uneven ground. • Hand operated controls - easier to adjust giving increased control of lowering motion. • Capacity 500kg.
- Overall L x W: 1150 x 650mm. • Weight 75kg.

500 KG

Code	Lift height mm	Platform L x W mm	Price € each
410152RN6	320 - 920	900 x 600	906.00

C Static powered lift tables

- 100% welded bottom frame and integrated hydraulics.
- Includes a simple integral control unit.
- Safety trip bars all round stop descent if in contact with an obstruction.
- 3-phase 380/415Vac required.

Up to 3000KG

Code	Cap. kg	Platform L x W mm	Lift height mm	Lifting speed mm/sec.	Price € each
410153RN6	1000	1300 x 820	205 - 990	20 - 25	3031.00
418491RN6	1000	1450 x 1140	205 - 990	20 - 25	3927.00
410154RN6	2000	1300 x 850	230 - 1000	30 - 40	3525.00
377925RN6	3000	1300 x 800	235 - 1010	30	4028.00

D Low profile static powered lift table with ramp

- Low closed height, simple to operate and easy to site.
- Includes simple separate control unit.
- Anti-crush safety trip bars stop table lowering when obstructed.
- 100% welded bottom frame and integrated hydraulics.
- Supplied ramp assists loading by hand truck, pallet truck or stacker.
- Table height 860mm (raised), 85mm (lowered).
- UKCA & CE marked.

1000 KG

Code	Capacity kg	Platform L x W mm	Lifting speed mm/sec.	Price € each
410156RN6	1000	1450 x 1140	25	4033.00
