B Floor identification frames

- Available in A4 (H x W: 200 x 290mm) and DL (H x W: 89 x 199mm).
- Easy framing, put the frame face down, peel off the centre release and position your document or label, face down onto the adhesive and smooth flat.
- Then remove the outer release paper, turn the panel over and press firmly into place on a clean sealed floor.
- Allow 24 hours for the adhesive to cure.
- Supplied in packs of 10.
