

A Lockout hasp

- For use with multiple padlocks to isolate one energy source when the primary lockout device does not have enough integral lockout points.
- Vinyl coated high tensile steel.

Code	Size mm	Price € each
400574RN6	25	15.49
400575RN6	38	17.09

B Aluminium lockout hasps

- Made from aluminium with injection moulded nylon grip.
- Hasp jaws rounded to provide easy fixing on smaller isolation points and lockout devices.
- Suitable for 6 padlocks with a maximum shackle diameter of up to 8mm.
- Available in 2 sizes.

Code	Size mm	Price € each
426658RN6	25	13.89
426659RN6	38	18.54

C Non conductive nylon lockout hasps

- Manufactured from Nylon.
- Tough and flexible.
- Hasps are completely non conductive.
- Accept padlocks with a shackle diameter of 9mm.

Code	Type	Price € each
426604RN6	3 holes - 3mm thread	15.49
426646RN6	3 holes - 6mm thread	15.49
426647RN6	6 holes - 6mm thread	15.94

D Multi-purpose lockout cable

- Route the cable where necessary to prevent the equipment being activated.
- Ideal for locking out multiple energy sources with a single device.

Code	Type	Price € each
400567RN6	2.5m coated steel cable	38.84
400568RN6	2.5m nylon cable	38.84

E Button lockout

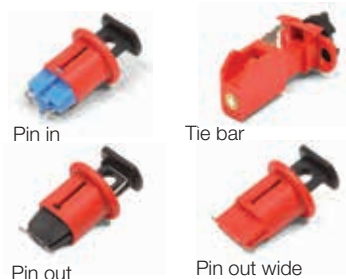

- Made from glass resin polycarbonate.
- Fits around the stem of a button.
- Can be locked using up to 2 standard padlocks.
- Hole diameter of 22 to 30mm.
- Dimensions: 50 x 50mm.

Code	Price € each
426617RN6	27.09

F Miniture circuit breaker lockout

- To fit most modern single and multiple pole miniature circuit breaker toggle from being turned on.

Code	Type	Price € each
400592RN6	Pin out	17.84
400593RN6	Pin in	17.84
400594RN6	Tie bar	17.84
401438RN6	Pin out wide	17.84

G Electrical plug lockout

- Made from polypropylene.
- The small 110V plug lockout can accommodate 2 padlocks. Size: 90mm x 50mm x 50mm.
- The large 220V/550V plug lockout can accommodate 4 padlocks. Size: 163mm x 93mm x 93mm
- Maximum shackle diameter 7mm and clearance 20mm.

Code	Description	Price € each
426583RN6	110V plug lockout	24.79
426584RN6	220V/500V plug lockout	46.69

H Aluminium mini circuit breaker lockout

- Simply place over the breaker and tighten the internal grub screw.
- Once secure, fit padlock or appropriate hasp through the hole to prevent unauthorised removal.
- Maximum clamping size: 6mm.
- Padlocks available separately.

Code	Price € each
426581RN6	15.49

I Large universal circuit breaker lockout

- Fitted using an internal grub screw.
- Suitable for larger circuit breakers and can be fitted to toggles. Clamp size: ≤35mm x 40mm.

Code	Price € each
426664RN6	24.79
