

Storage & Shelving Shelving

A Slingsby chrome wire component shelving - build your own

- Individual shelves, posts and s-hooks for customised shelving solutions. • Castors are also available to make mobile units.
- Additional accessories are available. • Self assembly required.
- For more assistance with any of our wire shelving products, please contact our telesales team on 0800 294 4440.
- **NB. S-hooks used for add-on bays reduce shelf capacity (kg) by 25%.**

Slingsby

S Hooks can be used to secure add on bays to standard bays saving the need for additional posts.

Snap on split sleeves (included with shelves).

Shelves (with split sleeves)

Length(mm)	Capacity kg	356mm width		457mm width		610mm width
