

# Storage & Shelving Racking

## A Galvanised pallet racking

- Supplied in kit form.
- Includes uprights, metal feet and all necessary bracing and fixings (including through bolts).
- Frames and beams available separately - build to own requirements.
- Pallet racking must be installed by qualified personnel onto a suitable floor construction that can carry the point loads applied through the racking.

**5 YEAR  
GUARANTEE**

Frames & beams

Timber & galvanised decking

### Galvanised pallet racking support bars (pairs)

- Give support to extra heavy loads or non standard sized pallets.

### Galvanised pallet racking row spacers

- Create and maintain consistent flue spaces between rows of racks.

#### Row spacers
