B Absorbent spill mat roll

- Best absorbent mat for flammable fuels and solvents.
- Reduces the risk of electrostatic discharge, critical around flammable liquids and vapours.
- Absorbs and retain oils and fuels without taking in a drop of water.
- Conforms to ANSI and MIL spec standards for static decay and surface resistivity.
- Supplied as a roll.
- Absorbs up to 152.40L.

E Spill containment barrier

- Fast protection for spreading spills or leaking equipment.
- Tacky bottom layer seals tight to smooth surfaces.
- Dikes are re-usable and confine and divert fluids without absorbing them making cleanup easier.
- Quick deploy solution with built-in connectors creates a liquidproof seal.
- Made in polyurethane material, desist water, oil and many chemicals.
- Washable.

D Drive-over Build-A-Berm spill containment barrier

- Offers semi-permanent containment in high traffic areas, for best result use on smooth, sealed surface like concrete, asphalt, etc.
- Made of vinyl coated fabric with an open cell foam core.
- Compresses to approximately 6mm when driven over and then springs back into shape.
- Durable enough to withstand indoor and outdoor traffic from trucks and other heavy vehicle with sufficient ground clearance.
- Pre-drilled aluminium mounting strips with anchors secure berm to most surfaces.
- Can be moved and repositioned.
- Ends overlay and can be sealed together for liquid-proof containment.
- Height: 5cm.
