

D Modular work platform system

- 100% recycled (post-consumer) polypropylene tiles and structural aluminium frame.
- Lightweight system: easy to assemble and install.
- Elevates employees over cords, hoses, and other hazards.
- Each kit contains all the aluminium beams and tiles required to make up the platform size selected.
- Choice of heights, lengths and widths.
- Any configuration and size is possible, built up from W460mm sections. (W910mm sections available on request).
- 3 surface styles: smooth, open drainage & diamond plate traction.
- Chemical and corrosion resistant.
- Capacity: 180Kg per tile.

E Natural rubber foot

- For use with modular work platform systems.
- Place on the bottom of each platform leg to reduce movement.
- No tools required.
- Sold individually.

429374RN6	31.74	30.99	30.19

F Concrete anchor screws

- For use with modular work platform systems.
- Secures platforms firmly in place.
- Use to anchor the ends of the fully assembled platform prior to installing the end tiles.
- Screw length: 826mm.
- Corrosion-resistant steel.
- 2 screws required for each end leg cross brace.
- Supplied as 1 pack x 10 screws.

Code	Price € pack 1-2	Price € pack 3-4	Price € pack 5+

G Toe plates

- For use with modular work platform systems to prevent objects from falling over platform edges.
- Rigid High-density polyethylene.
- Available in 2 sizes.
- 1.8 m side plates slide into beams (no hardware needed).
- 970 mm end plates easy to install with included hardware.
