

D Steel lockable drum and IBC storage units with sump

- Secure outdoor storage of drums and IBC's (additional clear load space between shelves allows for the increased height of IBCs).
- All welded construction.
- Double steel sliding doors on an easy glide track with locks.
- High and low vents.
- Removable galvanised grid mesh for sump, grid shelf levels available to special order.
- Full width base plinths eliminate ground contact with sump.
- Sloping roof with rain channel.
- Crane lifting points.
- Shot blasted finish, painted with polymer paint.
- 20 year structural guarantee.

2 IBC capacity

1 IBC capacity

Up to
6100 L

Storage & Shelving

Please note that carriage for this item varies. Contact us on 1800 911 161. This unit will be delivered by a HGV or articulated vehicle, please ensure suitable access to your premises. You will require an appropriate size/capacity fork lift truck to offload this item from delivery vehicle. Standard delivery does not include any offloading. The unit must be positioned on a solid level surface, ideally concrete of circa 150mm in depth and 100mm bigger overall than the unit, to ensure the unit does not settle unevenly when loaded.
