

# Storage & Shelving Shelving

## A Heavy duty rivet shelving system blue & orange - up to 600kg

- A shelving system that combines strength and rigidity with a design that's fast and easy to assemble.
- Suitable for warehouses, workshops, retail, and industrial environments.
- Each bay can be constructed using a rubber mallet—no nuts, bolts, or screws required.
- Heavy-duty rivet and keyhole slot connection ensures a secure and reliable build, while allowing for uninterrupted access from all four sides.
- Steel uprights and chipboard shelves. • Bays can be built in just 5 minutes, ideal for large installations.
- No bracing needed, simply tap components together. • Each shelf supports up to 600kg, perfect for heavy-duty use.
- Bay height 1830mm. • Available in 6 different widths/depths.
- Bays 1220 to 2135mm wide include a central deck support per level.
- Bays 2440mm wide feature two deck supports per level for added strength.
