

The Traffic Signs Regulations and General Directions 2002

The Traffic Signs Regulations and General Directions 2002 is an official guideline that schedules, illustrates and regulates every traffic sign and road marking in the UK. *This includes all road markings and upright signs representing on-street parking controls and restrictions.*

They ensure that all signs and lines in the UK are designed to uniform standards and sourced from a common set of rules and regulations.

For a full copy of the regulations and the subsequent amendments please see <http://www.legislation.gov.uk/uksi/2002/3113/contents/made>
